3. As per the MMWSSB letter cited in the reference  
with respect to the sewer connection for the  
proposed building may be possible when a public sewer is  
laid in that above said address. Till such time the party  
has to make their own arrangements having disposal without  
nuisance by providing septic tank of suitable size with

/p.t.o./

of ground water  
as per the Madras Metropolitan Area Ground Water  
(Regulation) Act 24 of 1987 before starting the  
construction.

upflow filter with collection sump or either by means of dispersion trench of suitable length and breadth as per guidelines of the Government of India Manual. It shall be ensured that all wells, overhead tanks and septic tanks are hermitically sealed with proper protected vents to avoid mosquito menace.

Regarding Water Supply it may be possible to provide piped water supply to the premises for drinking and cooking purpose only when water main is laid in that road. Till such time the party has to make his/her own arrangements.

4. Two copy/Set of approved plans, numbered as C/PP/46<sup>AND</sup> / 9
