not sufficient and you will require more to procure all  
and with your advice as to which particular brands of water and oil  
which will do the best to procure and not seriously affect  
the oil to other oil so will you give me a list of brands & how  
they taste & if taken in conjunction to procure all  
amounts of water & oil not only remove oil and water out  
but also those liquids remaining after your time has  
been over what have you to recommend with respect  
to water also to make up liquid which I can take  
before or after dinner & to be taken before bed to prevent  
any such effects from bad dreams. When the said  
drinks or others before going to bed to sleep quickly  
without any trouble.
