PERMISSION is granted to the applicant to carry out and/or to
bring into effect such changes in use of land/building according to the
plans of the plan attached hereto and subject to the conditions
specified

1. The permit expires on 12-6-2001
The building construction work shall be commenced on the site within the
validity date. If it is not possible to commence the construction, required for obtaining the
planning permit should be submitted to the Chemical Metropolitan Development Authority
before the expiry date. If it is not possible before the expiry date then Planning
permission application has to be submitted for extending the application date when the
Development Control Authority may be satisfied in respect of their issue with the application
of the construction already put up for construction in the application and in relation of total
building work will not be covered.
